

Letter of BOARD OF SUPREME AUDIT's President to World Transparency on Indexing Iraq into Corruption list

Dr. Abdul Basit Turki Saeed has pointed in a letter sent to the international secretary (Organization of the world Transparency) about indexing Iraq as one of the most corrupted countries. He noted that some of these organizations depended in their estimations on the reports of organizations not concerned with the anti –corruption or their estimations depended on international employees' opinions who have lived in the international zone exclusively ,this matter is on the contrary of the mechanisms of the organization ' work whereas it is supposed to achieve four internal surveys notifying that Board of supreme audit in Iraq represented by its president expressed his full readiness to submit the assistance to do these surveys, but we have nothing received indicates to the seriousness of handling this matter and due to the moral position and importance of this organization that may affect on the development opportunities plus fighting the corruption in Iraq ,the board is very keen that the evaluation of the perceived corruption degree in Iraq should be realistic .

The president asked to distribute his letter to the participants in the symposium titled (corruption perception index) in Guinea-bissau .
